Hi Sue,

I would like to propose an informal conference call between R.H. Smith Distributing and EPA to take place next Friday, January 22, 2010 sometime between 10:00 AM and 2:00 PM. During the call, I offer you to invite any members of your board, your attorney, and any other individuals that you feel may be helpful. The purpose of this call would be to outline EPA's position on the cleanup at Smitty's Conoco, details of the Administrative Order of Consent, and the best way that we can all work together to remediate the petroleum contamination on-site.

Please let me know what times work best with your schedule, and if you have any questions or need any clarification; do not hesitate to contact me.

Thanks,

Carlo
